Mogadore, OH 44260

RE: Application for Texas Forensic Science Commission Re-Accreditation under Title 37,
Texas Administrative Code, Chapter 651.

Dear Dr. Engelhart:

With some exceptions, the Texas Code of Criminal Procedure, Article 38.35, requires Texas Forensic Science Commission (“FSC”) accreditation as a predicate to the admission of the forensic analysis of physical evidence and expert testimony relating to the evidence in a Texas criminal case.

As the designee of the Texas Forensic Science Commission Presiding Officer, I have considered your application for re-accreditation and grant full FSC Accreditation to Omega Laboratories, Inc. for the following forensic discipline:

Forensic Discipline	Category of Analysis
Toxicology	Drugs in Hair Drugs in Oral Fluids

The term of ANAB accreditation is **3/15/2019 to 06/30/2023**, unless ANAB extends its accreditation as part of a routine renewal process. The term of FSC accreditation is from **9/1/2015** until such time that the accreditation from ANAB is no longer current.

FSC accreditation is contingent upon compliance with Title 37, Texas Administrative Code, Chapter 651, including requirements of reporting correspondence, reports or communication between the laboratory and the accrediting body. FSC accreditation will be automatically rescinded at the same date and time as ANAB withdraws your laboratory accreditation.

Sincerely,

Leigh M. Savage

Leigh M. Savage
